MACROECONOMIC ANALYSIS TRAINING

The PFM coordination Unit in collaboration with the Macroeconomic and Statistics Department of the Ministry of Finance Development has organized and conducted a three-day practical training on Macroeconomic Analysis in July 10 – 12, 2021.

The training focused on Macroeconomic parameters framework and policies formulation and was attended by 7 (4 female) staffers from the Macroeconomic and Statistics Department.

The training was aimed to equip civil servants with the necessary technical skills for analyzing macroeconomic parameters including measuring GDP, unemployment, inflation rate as well as understanding guiding macroeconomic policies, such as, fiscal policy, monetary and exchange rate policy.

The training was officially opened by the former Deputy Minister of Finance Hon. Muse Ibrahim Yusuf. In his opening remarks, the Deputy Minister has encouraged the participants to sharpen their professional skills by making use of this opportunity.

The PFM strives to achieve the highest possible efficiency, transparency, and accountability in the allocation, management and use of public finances, to meet the National Development Plan priorities and stimulate economic growth

69 SENIOR CIVIL SERVANTS TRAINED ON LEADERSHIP, CHANGE MANAGEMENT AND PERFORMANCE MANAGEMENT

Between July and September, the PFM Coordination Unit has held various tailored-made training workshops on Leadership, Change Management, and Performance Management for a total of 69 (19 female) civil servants. Participants came from the Ministry of Finance and the Office of the Auditor General's key departments.

The trainings were meant to provide participants with critical leadership skills as well as practical methodologies and processes for conducting performance management for personnel in their departments within the Ministry of Finance Development and the Office of the Auditor General. The trainings were designed to help senior staff recognize their roles and successfully manage staff performance, as well as to improve their ability to define clear expectations and objectively assess individual performance using objectives and competencies as key indicators.

Similarly, the training workshops emphasized leadership for change management as a structured approach to ensuring the transition of individuals and teams impacted by reform initiatives, as well as confirming timely communication about the changes, so that employees are well aware of and ready to adopt and support the reforms.

The PFM strives for maximum efficiency, openness, and accountability in the allocation, management, and use of public funds in order to meet the priorities of the National Development Plan II and accelerate economic growth.

314 STUDENTS REGISTERED FOR A DIPLOMA LEVEL COURSE ON PUBLIC FINANCE MANAGEMENT

As part of the PFM Education and Training Program, the PFM Coordination Unit has held a launching ceremony for the International Diploma Level Course on Governmental Finance Management. Out of 900 applicants, 314 students have been selected and registered for this online course, representing both the public and private sector.

Students will get a strong understanding of the basics of public finance management, such as budgeting, budget execution, accounting, and reporting, which will serve as the basis for their day-to-day work.

Dr. Saad Ali Shire, the Minister of Finance Development, encouraged course beneficiaries to use the skills they gain from this course in their daily lives and to contribute to their communities and the nation as a whole.

The PFM strives for maximum efficiency, openness, and accountability in the allocation, management, and use of public funds in order to meet the priorities of the National Development Plan II and accelerate economic growth

A CONSULTATIVE MEETING ON PFM EDUCATION AND TRAINING

The PFM Coordination Unit has convened a consultative meeting between key stakeholders of the PFM Education and Training component on August 16, 2021. Dr. Saad Ali Shire, the Minister of Finance, former Deputy Minister of Finance Hon. Muselbrahim Yusuf, Director General of the Ministry of Finance Mr. Mohamed Abdi Gurhan, University of Hargiesa representative Mr. Abdirashid and PFM Education and Training Beneficiary students from key public institutions attended the meeting.

The purpose of the meeting was to assess current teaching and learning arrangements for the CIPFA Diploma and Certificate level students and agree on the way forward

The goal of the PFM Professionalization is to improve the skill set of civil servants in major financial management institutions. The course aims to produce skilled PFM practitioners with a variety of applicable financial management abilities who can handle and sustain the continuing public finance management reforms.

the parties conveyed their commitments for improving teaching and learning arrangements and agreed on a number of action items as the way forward.

The Government of Somaliland, the University of Hargeisa, CIPFA (Chartered Institute of Public Finance and Accountancy), WYG International, and Michael Parry Consulting LLP have collaborated on the implementation of the PFM Education and Training Programme.

To satisfy the National Development Plan priorities and boost economic growth, the PFM works for the highest possible efficiency, transparency, and accountability in the allocation, management, and use of public funds.

26 AUDITORS TRAINED ON COMPLIANCE AUDIT

The PFM Coordination Unit, in partnership with the Office of the Auditor-General, has organized a three-day training on the Compliance Audit Manual for 26 (4 female) employees from the Office of the Auditor General on August 21, 2021.

The purpose of the training was to familiarize Auditor General employees with the Compliance Audit Manual and equip them with the skills they'd need to conduct compliance audits.

A compliance audit is an investigation into whether or not a government entity is abiding by regulatory guidelines.

Audit reports assess the quality and comprehensiveness of compliance preparations, security policies, user access controls, and risk management procedures.

Compliance auditing provides information that assists public entities in reducing risk and avoiding legal consequences associated with non-compliance.

The Compliance Audit Manual makes it easier to conduct compliance audits.

The PFM strives for maximum efficiency, openness, and accountability in the allocation, management, and use of public funds in order to meet the priorities of the National Development Plan II and accelerate economic growth.

24 STAFF FROM ACCOUNTANT GENERAL OFFICE FAMILIARIZED WITH TREASURY SINGLE ACCOUNT INITIATIVE

The PFM Coordination Unit, in partnership with the Office of the Accountant General, has held a training workshop on Treasury Single Account for 24 (7 female) staff from the Office of the Accountant General on August 23, 2021.

The Treasury Single Account involves consolidating all Government of Somaliland bank accounts into a single account or a group of linked accounts for all government payments and receipts.

This aims to harmonize Government banking arrangements so that relevant government stakeholders including the Ministry of Finance (MoF) and the Office of the Accountant General (OAG) can have complete control over government cash flows across bank accounts.

The Treasury Single Account (TSA) initiative is primarily intended to bring all government funds in various bank accounts under the Treasury's effective control and operational purview, in order to establish a centralized, transparent, and accountable revenue management; facilitate effective cash management; ensure cash availability, and allow optimal investment of idle cash.

The second session of the training focused on equipping staff with critical soft skills, such as leadership, problem-solving and time management.

The PFM strives for maximum efficiency, openness, and accountability in the allocation, management, and use of public funds in order to meet the priorities of the National Development Plan II and accelerate economic growth.

THE MINISTER OF FINANCE RECEIVES A DELEGATION FROM THE WORLD BANK

The Minister of Finance, Hon. Dr. Saad Ali Shire, has hosted a World Bank delegation led by Kristina Svensson in his office in September 07, 2021.

Senior government officials, including Mr. Mohamed Abdi Gurhan Director General of the Ministry of Finance , Khalid Jama Ahmed, the newly appointed Chairman of the Civil Service Commission, and Dr. Osman, a Senior Advisor to the President, attended the meeting, which was presided over by Minister of Finance Dr. Saad. Managers from the World Bank-funded Public Finance Management (PFM), Civil Service Strengthening Project (CSSP), and Somaliland Electricity Access Project (SEAP) were also present.

Dr. Saad, the country's finance minister, updated the visiting team on the country's public finance management reform achievements as well as the country's overall economic situation. Dr. Saad thanked the World Bank for its sustained assistance to the people and government of Somaliland.

Managers of World Bank-funded projects, on the other hand, have presented on the status of their projects' implementation.

The World Bank is a vital development partner for Somaliland, funding critical development projects carried out by the government.

27 INTERNAL AUDITORS TRAINED ON FUNDAMENTALS OF INTERNAL AUDIT INVESTIGATIONS

The PFM Coordination Unit has organized a three-day training on Fundamentals of Internal Audit Investigations for 27 (3 female) Internal Auditors from the Ministry of Finance's Internal Audit Department and internal audit personnel from key ministries, departments, and agencies of the central government on September 11, 2021.

The training is designed to educate government auditors on the fundamentals of internal audit investigations, such as sources, areas, and best practices.

Internal audit investigations Improve risk management and control by acting as a catalyst

The PFM strives for maximum efficiency, openness, and accountability in the allocation, management, and use of public funds in order to meet the priorities of the National Development Plan II and accelerate economic growth.

MOTOR VEHICLES DONATED TO THE MINISTRY OF FINANCE AND OFFICE OF THE AUDITOR GENERAL

The Public Financial Management Project has donated five vehicles to the Ministry of Finance Development and the Office of the Auditor General, two essential financial management institutions. Four of the vehicles were handed over to Ministry of Finance major departments, while one was handed over to the Office of Auditor General as part of a bigger capacity-building initiative for financial management institutions to enable them better accomplish their obligations.

The newly donated motor vehicles will be used for field work to assist in the implementation of public finance management reforms and to provide the Government of Somaliland with the mobility it requires to ensure effective and efficient management of public resources.
